

Materials List---Fabric Faces Collage Workshop

Sharp scissors

Rotary cutter (optional)

Cutting mat (optional)

Bottle or Elmer's glue (or similar)

Ruler

Pencil, eraser

Piece of foam core or matt board (16 x 20 or any size you prefer)

A variety of pieces of fabric- 25 different colors: white, black, reds, yellows, blues, greens, browns, greys.

We will cut these into squares, 1", 1.5", 2" to use in the collages. You can cut some of these beforehand if you like. We will also share these squares with other students to provide a greater variety of colors. Just bring a lot of different fabrics, small pieces, perhaps 12 x 12" pieces to cut up and use.

I will also bring fabric for students to use.

I will provide 4 different portrait images for students to select for their project.
