About Buffalo Arts Studio

Established in 1991, Buffalo Arts Studio is committed to creating cultural connections in our community through exhibitions, public art, and educational programs. We also provide exposure and affordable studio space for local visual artists. Buffalo Arts Studio is **a catalyst for self-empowerment** and for the cultivation of new ideas and actions to enhance our region. We achieve this through dynamic courses and workshops, engaging exhibitions, thoughtful public art, effectual mentorships for youth, strong artist support, meaningful partnerships, and safe working studio spaces for more than 30 resident artists.

Through our work at Buffalo Arts Studio, **we see the transformative power of the arts**, both in individuals and in communities. Twenty-seven years ago, Buffalo Arts Studio became the first tenant in the Tri-Main Center. Together, Buffalo Arts Studio and Tri-Main helped enrich this previously underserved area by developing an exciting cultural environment that benefited the neighborhood and surrounding areas. More than 100 businesses and service organizations are now housed in the building, and millions of dollars have been invested back into the neighborhood.
